

Yeabesira Alemayehu

Address: Addis Ababa, Megnagna

Email: yabesiraalemayehu16@gmail.com

Phone: 0900464155

Objective

Motivated computer science graduate seeking an entry-level position in software development, web development, or mobile app development. Passionate about building user-friendly applications and continuously improving technical skills in a dynamic environment.

Education

Bachelor's Degree in Computer Science (Expected Graduation: 2025)

Unity University College

Skills

- **Frontend Development:** React.js, HTML, CSS, JavaScript, Bootstrap
 - **Backend Development:** Node.js, PHP, Express
 - **Database Management:** MySQL, XAMPP
 - **App Development:** Java, C++, React Native
 - **Tools & Technologies:** Git, REST APIs, GitHub, Figma
 - **Other:** Strong problem-solving and analytical skills, ability to work independently and in teams
-

Projects**1. digital Food Menu System (React & Node.js)**

- Built a fully dynamic menu system for a pizza and burger shop with admin and user functionalities.
- Developed the frontend using React.js and implemented backend operations using Node.js.
- Integrated a MySQL to manage menu items and pricing.

2. Bidding App UI (React Native)

- Designed and developed an interactive bidding app UI using React Native.
- Ensured seamless user experience with smooth navigation and search mechanism
- Optimized for mobile responsiveness and performance.

3. E-commerce Website

- Developed a responsive e-commerce website using HTML, CSS, JavaScript, and PHP.
- Integrated MySQL for product storage and user authentication.
- Implemented a secure backend to manage orders and inventory.

4. Driving License Penalty System (C++)

- Created a system for tracking driving license penalties and payments.
- Utilized arrays, pointers, and structured programming techniques in C++.
- Ensured data accuracy and efficient processing.

5. Personal Portfolio Website

- Designed and built a portfolio website to showcase projects and technical skills.
- Implemented AOS animations for enhanced user experience.
- Hosted and deployed for accessibility.

Certifications & Courses

- **MEAN Stack Course**
- Fundamentals of web development
- Data Structures and Algorithms

About Me

Passionate about software development, I am eager to apply my skills in real-world applications while continuously learning and growing. I thrive in collaborative environments, bringing strong communication skills and a keen attention to detail to every project I work on. My goal is to contribute to innovative solutions that enhance user experience and business efficiency.
